

## Father Leo J. Austin Catholic Secondary School

### Introduction

Father Leo J. Austin Catholic Secondary School opened its doors in September 1989, under the guidance of Father Leo J. Austin. Father Leo J. Austin came to Whitby as parish priest in September 1956. To mark his long time influence in the life of Whitby and his distinguished and lasting service to the Roman Catholics of Whitby, Father Leo J. Austin Catholic Secondary School was named after him.

Built on the pillars of Excellence, Faith and Community, our school has developed a tradition of excellence in academics, life-long relationships within our community and the larger community and all woven together with a strong commitment to our faith. We are very proud of our Catholic graduates as well formed in faith, optimistic, confident and resilient contributors to their communities.
